

## 100 files offer

This offer is based on best rates in 12 housing societies in which you can get the following:

1. Get your plot or benefit against your investment
2. In 3.5 Marla files per Marla cost is 615,000 approx.  
If you have will pay your remaining amount on regular basis, then you name can be nominated earlier or in 1st balloting which will be held on 31-dec-2024.
3. In first balloting only those clients will be announced who would have completed their file payments and remaining will be announced in next balloting.
4. The clients who would be announced in the first balloting are also eligible for the next balloting as they'd have the choice to exchange or claim their profit against the file
5. Those are also eligible for the balloting who have been waiting and haven't taken their plot/profit despite being nominated in the last balloting.
6. Before the first balloting date which is 31-december-2024, if any of the client want to cancel their file or they demand profit, they won't be entertained by the company. They'd be bound to wait till the balloting for this.
7. If any client will demand for possession, then he can get the possessionable plots after the last balloting that is on 31-dec-2028.
8. No amount will be refunded until these 100 files will be closed, the clients can only get the refunded amount after the balloting and the company will give you the refunded amount after the deduction of service charges which are 350,000/- .
9. No one can sell back or return their files to company before the last balloting date.
10. All the estimated profit will be followed properly according to the chart in case of profit on investment.  
No other way can be approached in this manner
